

Safety First!

Thank you for your purchase! Fatal Vision® will provide your audiences with a dramatic and memorable experience. You will be able to deliver a message on the dangers of impaired driving and underage drinking that people will remember. Above all, we want you to deliver a safe program. Fatal Vision is designed to cause the wearer to experience the effects of alcohol impairment including a loss of balance and equilibrium.

Use extreme caution when you have your participants wear Fatal Vision.

- Ensure that your demonstration area is level, clear of desks and other objects that would cause harm if someone fell on them.
- Do not attempt to climb stairs or other objects while wearing Fatal Vision.
- Provide spotters to ensure your participants do not fall and inadvertently injure themselves. Participants wearing Fatal Vision must be strictly supervised otherwise serious injury may result.
- Do not have your participants run or engage in any competitive activities while wearing Fatal Vision. Participants in such activities are likely to fall down or run into others possibly sustaining serious injury.
- Do not have participants wear Fatal Vision and drive any motorized vehicle that has not been designed with emergency stop mechanisms or dual controls.
- Study the Fatal Vision instructor's and activity guides for important information about conducting safe and memorable programs.

If you have any questions regarding Fatal Vision or any of our other products, please call 1-800-272-5023 or visit us on the web at www.fatalvision.com. Safety First!
